Announcement

To those who are unacquainted with us we desire to say that we have been in the Nursery Business for forty years. We have 800 acres in Nursery stock. We solicit correspondence and inspection of our stock.

LOCATION

We are 40 miles directly north of Huntsville, Ala., on the main line of the Nashville, Chattanooga & St. Louis Railway system and no point has better shipping facilities. We can get a direct line to any part of the country at the lowest rate and shortest time.

RATES

Fifty trees of not less than 10 of a variety will be furnished at 100 rates, 250 trees of not less than 10 of a variety at thousand rates. Long list of varieties of a few trees of a kind subject to higher prices.

PACKING AND COST OF PACKING

Our packing season usually opens October 1st and continues to April 1st. We handle stock most of the winter in our cold storage buildings.

The cost of boxes 9 to 10 feet long, 30x30 inches, \$2.50; 24x24 inches, \$2.25; 20x20 inches, \$2.00; 18x18 inches, \$1.60. Twelve-foot boxes 50 cents extra.

Bales, 25c to \$2.00 according to size.

No charge for packing in bulk in car load lots.

SHIPPING

We prefer parties ordering to indicate how goods must be sent, whether by freight or express, also route. If no such directions are given we forward to the best of our judgment, but in no case do we assume responsibility. When losses occur claims should be made to the transportation company immediately.

GUARANTEE OF GENUINENESS

We exercise the greatest care to keep all of our stock pure and true to label and are ready on proper proof, to replace any that may prove untrue, free of charge or refund the purchase price, but it is mutually understood and agreed, between purchaser and ourselves, that we are not liable for any greater sum than that paid us for said trees, etc., that may prove untrue.

STORAGE AND PACKING

We have a cool storage warehouse with a capacity of 40 to 50 car loads with an addition to it to be used as a packing house and, being located on a switch from the Nashville, Chattanooga & St. Louis Railroad, we can handle stock at any time in the winter season.

All of our packing is under the direct supervision of a member of our firm and it is done right and you may depend on the goods reaching you in prime condition.

CAUTION

We accept orders upon the condition that they shall be void should anything befall our stock from frost, hail, storm, fire, or other causes over which we have no control.

CLAIMS

All claims for errors must be made on receipt of goods to receive consideration. Complaints made after the goods have been in the hands of the purchaser ten days can not be entertained.

CODE

In telegraphing use the Nurseryman's Telegraph Code, copies of which we will mail you on request.

TERMS OF PAYMENT

Cash or satisfactory security or referenc to parties unknown to us. All orders to be sent C. O. D. must be accompanied with one-fourth the amount in cash.

CHANGE OF PRICES

The prices given in this list are subject to change without notice and to the stock being unsold at the time the order is received.

Tennessee State Board of Entomology Knoxville, Tennessee

Certificate of Nursery Inspection, No. 41

Season 1916--1917

THIS IS TO CERTIFY, That in accordance with an Act of the Legislature, approved April 17, 1905, the nursery grounds of Southern Nursery Company at Winchester, County of Franklin, State of Tennessee, were inspected by J. E. Blake, H. B. Drane and G. M. Bentley on Aug. 7 to 16, 1916. The growing nursery stock was apparently free from San Jose Scale and other dangerously injurious insect pests and plant diseases.

Said nursery is equipped for fumigating all nursery stock.

This Certificate does not apply to stock not grown in the aforesaid nurseries, unless such stock is covered by proper Certificate in favor of the nursery where grown. It is not transferable and may be revoked for cause.

This certificate becomes invalid after August 1, 1917, and cannot be legally used after that date.
